# VYPER

A rugged, affordable sewer camera solution with a user-friendly keypad and easy one-touch recording to a USB drive. Easily record inspection data and client information using the on-screen text writer and footage counter. A built in microphone and speaker allows you to record your voice to videos and then play the video back on the 10.4 inch LCD Monitor. Capture every detail with the 1.3" modular, color self-leveling camera head for inspecting 3" up to 8" pipes. An "always on" built-in sonde broadcasts at 512 Hz frequency to locate with a 512Hz locator.

Price Starting At:  
**\$5,995.00**

**Battery & Charger: Additional \$140.00**

# VYPER STRYKE

The Vyper Stryke is specifically designed for business professionals who require a more robust inspection camera. The command module takes the form of a daylight-readable Windows 10 tablet, allowing you to have a full computer at your fingertips while you're on the job. Pair the Vyper Stryke with the push reel and self-leveling camera head and you have a professional, portable push camera that will get the job done.

Price Starting At:  
**\$7,995.00**

**Battery & Charger: Additional \$210.00**

# VYPER MINI

A tough, basic sewer camera inspection system. Simply slide in the M-18 Battery, plug in the USB Flash Drive and you are ready to start recording your sewer inspection. Simple One Touch Recording. The Vyper Mini includes; 5.0" LCD screen, 1.3" Self Leveling Camera, Wi-Fi Streaming with Apple or Android App, and Always On Built In 512Hz Sonde Transmitter.

Price Starting At:  
**\$4,995.00**

**Battery & Charger: Additional \$210.00**
